MELDIN® CAN MAKE YOUR LIFE EASIER

## Meldin® 7000 Series

**Independent lab testing** confirms that in comparison to our closest competitor, Meldin® 7000 materials have:

- › Five times **lower weight loss** in a high temperature O<sub>2</sub> environment
- › 20% **lower wear rate** and friction
- › 10% **higher shear strength**
- › 35% **lower total mass loss**
- › 10% **less sodium**
- › 20% **lower etch rate**

And Saint-Gobain Performance Plastics **tests every material batch** in-house.
