MELDIN® CAN MAKE YOUR LIFE EASIER

Meldin® 7000 Series

Independent lab testing confirms that in comparison to our closest competitor, Meldin® 7000 materials have:

- Five times **lower weight loss** in a high temperature O_2 environment
- 20% **lower wear rate** and friction
- 10% **higher shear strength**
- 35% **lower total mass loss**
- 10% **less sodium**
- 20% **lower etch rate**

And Saint-Gobain Performance Plastics **tests every material batch** in-house.
